1040.3

Rev. F. Carew, while on his way to Crystal Lake, with others,on a fishing excursion, met with a misfortune on Tuesday morning. A bridge was broken near the John Russell estate, and the driver was turning into a field in order to pass. The turn was made too quickly and the carriage upturned throwing the occupants to the ground, and fracturing the right collar bone of Father Carew. Dr. Burnett is in attendance, and thinks it will confine his patient to the house for about one month.

"the John Russell estate" — by the Malmedale road on the way to Crystal Lake
